# Where Does Money Grow?

**BOOK PARAMETERS:**

Size 155 x 210 mm, 92 pages, paperback

SOLD: Bulgarian

**ILLUSTRATED AND WRITTEN BY DENISA PROŠKOVÁ**

Sooner or later every parent is bombarded with the questions: “How does an ATM ‘make’ its money?”; “Why can’t I just buy everything I want?”; “What happens on ‘pay-day’?”; “What are ‘rent’, ‘debt’ and ‘interest’?”; and “What’s the difference between a loan and a gift?”. This book gets parents out of a fix by providing the answers. As they read with their parents, children in the first years of school will come to understand the connection between work and earning money and get to grips with basic money-related terms. The reader is accompanied around the world of finance by eight-year-old Adam, his younger sister Adele, their parents and – in fairy-tale form – the Squirrel and Bear families. Supplemented with thirty illustrations, this book provides a more than rough idea of how things work in the world of money. It shows children why it’s silly to envy others and that there are many important things in life that money can’t buy. And as books for children of this age should have a little added value, they can colour in some of the illustrations themselves.
